Safety and Notes

- Product should be installed by a certified electrician in accordance with applicable national, state, and local building and electrical codes.
- To reduce the risk of electric shock, ensure that the main power source and circuit breakers are switched off before performing any installation or wiring procedures.
- Avoid looking directly into the lamp when illuminated.
- Ensure all mounts are securely attached and will support the weight of the fixture. Failure to properly support the fixture may result in damage or injury, for which the manufacturer does not assume responsibility.

Check product label for specific electrical specifications related to installation.
Improper installation will void warranty.

Specifications

Model	UHBD0B-S1
Operating Temperature	-40 to 45°C (-40 to 113°F)
IP Rating	IP65
Environmental Rating	Suitable for Wet Locations
