

VTLF-2T8

Available Models¹

- VTLF-2T8
- VTLF-4T8

Part Number Breakdown

Example: VTLF-2T8

Series	LED Tube Capacity
VTLF	2T8 [two T8 tubes]
	4T8 [four T8 tubes]

Overview

Industrial LED vapor-proof lights are a heavy-duty, super-bright alternative to traditional tube and strip light fixtures. Perfect for harsh environments and dry or wet locations, including industrial and commercial applications. The IP65-rated LED vapor-proof light is Certified by UL for wet locations and can be exposed to chemical vapors without risk of fire or combustion. The weatherproof housing and polycarbonate lens are dust-tight and water- and impact-resistant. The light fixture has a water-tight cord connector, quick-connect wiring adapter, non-shunted T8 sockets, housing clips, and surface-mount brackets. It operates within a 120-277 VAC range.

Features

- IP65 weatherproof for wet locations
- Impact, dust, and moisture resistant
- 120-277 VAC
- Fixture only - compatible with single ended T8 tubes

Product Details

- Includes water-tight cord connector, quick-connect wiring adapter, non-shunted T8 sockets
- Includes brackets for surface mount

Warranty

- *Lifetime Warranty*
