

Important: Read all instructions prior to installation.

Flexible Gooseneck Loading Dock Light

Safety and Notes

- Product should be installed and serviced in accordance with applicable national, state, and local building and electrical codes.
- Avoid looking directly into lamp when illuminated.
- Ensure all mounts are securely attached and will support the weight of the fixture. Failure to properly support fixture may result in damage or injury, for which the manufacturer does not assume responsibility.
- Do not bend arm excessively.
- Plug requires connection to a weather-protected outlet.

Specifications

Environmental Specifications	
Operating Temperature	-40°–104° F (-40°–40° C)

Check product label for specific electrical specifications related to installation.
Improper installation will void warranty.

Installation Instructions

1. Mark holes using fixture as a guide.
2. Drill mounting holes into surface.
3. Lightly thread top two screws into mounting holes and slide fixture over mounting screws
4. Install two additional screws and tighten to secure.
5. Connect 5-15P plug into weather-protected outlet.
