

**Important:** Read all instructions prior to installation.

## LED Dock Light

### Safety and Notes

- Product should be installed and serviced in accordance with applicable national, state, and local building and electrical codes.
- Avoid looking directly into lamp when illuminated.
- Ensure all mounts are securely attached and will support the weight of the fixture. Failure to properly support fixture may result in damage or injury, for which the manufacturer does not assume responsibility.
- Light must be connected to GFCI-protected receptacle.

### Specifications

Check product label for specific electrical specifications related to installation.  
Improper installation will void warranty.

LDL-50K30-30-DA40
