**Overview**

The Integrated T8 LED Tube Light delivers more brightness per fixture, which is ideal for use in garages, factories, and other larger spaces. Its slim, 48" aluminum housing and choice of frosted or clear polycarbonate lens provide smooth, uniform lighting. Wattage and CCT adjustments are made using the switches on the back of the fixture. Up to 12 fixtures can be linked using the included butt connector or an optional interconnect cable. It includes a 3-pin pigtail connector and supports an optional 48" power cable for simple plug-and-play installation. Brackets are included for easy surface mounting.

**Features**

- Selectable Wattage: 15W, 20W, or 24W
- Selectable CCT: 4000K, 5000K, or 6500K
- Equivalent to a 4ft 32W T8 fluorescent fixture
- Link up to 12 fixtures for extended coverage
